# **Unit 6:**

# **ICS/EOC Interface Activity 6.1**

**FEMA**

Visual 6.1

# Unit Terminal Objective

---

Analyze given scenarios to apply ICS/EOC interface concepts.

**FEMA**

# Unit Enabling Objectives

---

- **Identify Incident Command and EOC roles and responsibilities during all phases of an incident.**
- **Summarize the support EOCs provide to on-scene Incident Command.**
- **Identify on-scene Incident Command and EOC interface considerations.**
- **Relate strategies for strengthening the interface between the Incident Command and EOC related to NIMS elements.**

**FEMA**

## **Activity 6.1**

**Allotted Time: 45 minutes**

**FEMA**

Visual 6.4

# Objectives Review

---

- 1. What are the Incident Command and EOC roles and responsibilities during all phases of an incident.?**
- 2. What support do EOCs provide to on-scene Incident Command.**
- 3. What are the considerations for integration of on-scene Incident Command and the EOC?**
- 4. What NIMS-element related strategies have been identified for strengthening the interface between the Incident Command and the EOC?**
