ICS 400
Advanced Incident Command System

Course Description

This course provides training and resources to personnel who require advanced knowledge and application of the Incident Command System. The course expands upon information covered in the ICS/IS-100 through ICS/IS-300 courses.

Course Objectives

Upon completion of this course, students will be able to:

- Explain how major incidents engender special management challenges.
- Describe the circumstances in which an area command is established.
- Describe the circumstances in which multiagency coordination systems are established.

Audience

This course is intended for senior personnel who are expected to perform in a management capacity in an Area Command or Multi-Agency Coordination Entity.

Prerequisites

Required: ICS/IS-100, ICS/IS-200, ICS/IS-300, ICS/IS-700, ICS/IS-800
Some classes may be taken at: http://training.fema.gov.

Course Tuition

- No tuition fee
- Travel costs may be grant eligible for local responder agencies. Contact your respective county/tribal emergency manager.

Course Completion

Participants who actively participate, attend the entire course, and successfully complete the course will receive a Certificate of Completion. POST credit is available for law enforcement.
