

# ICS-300 INTERMEDIATE ICS FOR EXPANDING INCIDENTS

## Course Description

This course provides training and resources to personnel who require advanced knowledge and application of the Incident Command System. The course expands upon information covered in the ICS/IS-100 and ICS/IS-200 courses.

## Course Objectives

Upon completion of this course, students will be able to:

- Describe how the NIMS command and management component supports the management of expanding incidents.
- Describe the incident/event management process for supervisors and expanding incidents as prescribed by the Incident Command System.
- Implement the incident management process in a simulated Type 3 incident.
- Develop an Incident Action Plan for a simulated incident.

## Audience

This course is intended for individuals and field (ICS) personnel who may be assigned supervisory roles during Type 1, 2, and 3 incidents.
