

National Incident Management System (NIMS) Training Guidance Matrix

Based on the State of Idaho All-Hazard Mitigation Plan, all jurisdictions within Idaho may experience a Type 3 incident; therefore, the baseline NIMS training should be IS-100, IS-200, and IS-700 for all field operations personnel.

		<i>ICS-100 Intro to ICS</i>	<i>ICS-700 NIMS Intro</i>	<i>ICS-200 ICS for Single Resources</i>	<i>ICS-800 NRF</i>	<i>ICS-300 Inter. ICS</i>	<i>ICS-400 Advanced ICS</i>	<i>G-191 ICS/EOC Interface OR E/L-947 EOC-IMT Interface</i>	<i>IS-701 NIMS MACS</i>	<i>IS-706 NIMS Intrastate Mutual Aid</i>	<i>G-775 EOC Mgmt & Operations</i>	<i>G-402 ICS Overview for Executives/Senior Officials</i>	<i>Additional Courses</i>
Field (ICS) Operations Personnel *Recommended for individuals with a command and general staff role in Incident Command	Type 1,2 incidents	Core Course	Core Course	Core Course	Core Course	*Core Course	*Core Course	Core Course					- Position-specific ICS courses (based on individual assignment or expected assignment) - Training based on jurisdiction risk and/or specific interest
	Type 3 incidents	Core Course	Core Course	Core Course	Core Course	*Core Course	*Core Course	Additional course					
	Type 4 incidents	Core Course	Core Course	Core Course									
	Type 5 incidents	Core Course	Core Course										
EOC/MACS Personnel		Core Course	Core Course		Core Course			Core Course	Core Course	Core Course	Core Course		- Specific training based on EOC/emergency management role or expected role - Training based on jurisdiction risk and/or specific interest
Senior Elected and Appointed Officials								Recommended Additional course				Core Course	- Training based on jurisdiction risk and/or specific interest

IS-702, 703, and 704 are part of the NIMS core curriculum; however, the NIC has not categorized the specific audience for these courses for inclusion in this table. Each local jurisdiction should identify one or more personnel to complete these courses to satisfy this requirement.
