National Emergency Management Basic Academy

Course Description

The National Emergency Management Basic Academy is a gateway for individuals pursuing a career in emergency management. Similar to basic academies operated by the fire service and law enforcement communities, the National Emergency Management Basic Academy will provide a foundational education in emergency management.

The goal of the Basic Academy is to support the early careers of emergency managers through a training experience combining knowledge of all fundamental systems, concepts, and practices of cutting-edge emergency management. The Academy provides shared classrooms of adult learners and skillful instructors resulting in a solid foundation upon which to build further studies and sound decisions.

Audience

The National Emergency Management Basic Academy is designed for newly appointed emergency managers with less than three years of experience, including members of state, local, tribal, and territorial homeland security or emergency services programs; nongovernmental organizations, volunteer agencies, or professional organizations; private sector emergency management offices; college or university emergency management staff; and FEMA, federal partners, military, and emergency managers at other departments or agencies.

Course Information

The Basic Academy consists of the following classroom courses.

Courses will be held daily from 8am –5pm MT in Boise, Idaho.

- [L0101 Foundations of Emergency Management](#) (40 hours), September 19-23
