

ICS 400

Advanced Incident Command System

Course Description

This course provides training and resources for personnel who require advanced application of the ICS. This course expands upon information covered in ICS/IS-100 through ICS 300 courses.

Objectives

- Explain how major incidents engender special management challenges.
- Describe the circumstances in which an area command is established.
- Describe the circumstances in which multiagency coordination systems are established.

Primary Core Capability: Operational Coordination

Audience

The target audience for this course is senior personnel who are expected to perform in a management capacity in an area command or multiagency coordination agency.

Prerequisites

Required: ICS/IS-100, ICS/IS-200, ICS 300, ICS/IS-700, ICS/IS-800

Classes may be taken at <http://training.fema.gov>.

Recommended: None

Course Completion

Participants who actively participate, attend the entire course, and successfully complete the course will receive a Certificate of Completion. POST credit is available for law enforcement.

Course Tuition

- This training is DHS/FEMA grant eligible.
- All local responder agencies should contact their respective County/Tribal Emergency Manager. State agencies should contact IOEM Training.
- There is no cost for this class.
