

TABLE OF CONTENTS

CHAPTER 1: Hazard Summary and Mitigation Strategy	1-1
Introduction	1-1
Planning Strategy	1-7
Mitigation Strategy	1-24
CHAPTER 2: STATE OF IDAHO PROFILE	2-1
Geology and Terrain.....	2-1
Climate	2-2
Water Bodies and Streams.....	2-4
Population.....	2-6
Land Use and Development Trends	2-11
CHAPTER 3: OVERVIEW AND PRIORITIZATION OF HAZARDS	3-1
Update Summary	3-1
Overview	3-1
Methodology.....	3-9
CHAPTER 3.1: RISK ASSESSMENT: WILDFIRE	3.1-1
Description	3.1-1
Location, Extent, and Magnitude.....	3.1-6
Past Occurrence	3.1-23
Future Occurrence	3.1-36
Relationships to Other Hazards	3.1-37
Environmental Impacts	3.1-38
Climate Change Impacts.....	3.1.41
Development Trend Impacts.....	3.1-43
Vulnerability Assessment and Loss Estimation	3.1-49
Critical Infrastructure and State Facility Impacts.....	3.1-52
Consequence Analysis Evaluation.....	3.1-68
Mitigation Rationale	3.1-70
General Mitigation Approaches.....	3.1-70
CHAPTER 3.2: RISK ASSESSMENT: FLOOD	3.2-1
Description	3.2-1

TABLE OF CONTENTS

Location, Extent, and Magnitude.....	3.2.9
Past Occurrence	3.2-31
Future Occurrence	3.2-52
Relationships to Other Hazards	3.2-55
Environmental Impacts	3.2.55
Climate Change Impacts.....	3.2-56
Development Trend Impacts.....	3.2-57
Vulnerability Assessment and Loss Estimation	3.2-62
Critical Infrastructure and State Facility Impacts	3.2-65
Consequence Analysis Evaluation.....	3.2.85
Mitigation Rationale	3.2-87
General Mitigation Approaches.....	3.2-89
CHAPTER 3.3: RISK ASSESSMENT: SEVERE STORMS.....	3.3-1
Description	3.3-1
Location, Extent, and Magnitude.....	3.3-6
Relationships to Other Hazards	3.3-18
Past Occurrence	3.3-20
Future Occurrence	3.3-35
Environmental Impacts	3.3-36
Climate Change Impacts.....	3.3-36
Development Trend Impacts.....	3.3-38
Vulnerability Assessment.....	3.3-40
Critical Infrastructure and State Facility Impacts.....	3.3-44
Consequence Analysis Evaluation.....	3.3-50
Mitigation Rationale	3.3-52
General Mitigation Approaches.....	3.3-53
CHAPTER 3.4: RISK ASSESSMENT: AVALANCHE	3.4-1
Description	3.4-1
Location, Extent, and Magnitude.....	3.4-2

TABLE OF CONTENTS

Relationships to Other Hazards	3.4-4
Past Occurrence	3.4-5
Future Occurrence	3.4-9
Environmental Impacts	3.4-10
Climate Change Impacts.....	3.4-10
Development Trend Impacts.....	3.4-12
Vulnerability Assessment.....	3.4-12
Critical Infrastructure and State Facility Impacts.....	3.4-13
Loss Estimation	3.4-13
Consequence Analysis Evaluation.....	3.4-15
Mitigation Rationale	3.4-17
General Mitigation Approaches.....	3.4-17
CHAPTER 3.5: RISK ASSESSMENT: DROUGHT	3.5-1
Description	3.5-1
Location, Extent, and Magnitude.....	3.5-9
Relationships to Other Hazards	3.5-15
Past Occurrence	3.5-15
Future Occurrence	3.5-27
Environmental Impacts	3.5-27
Climate Change Impacts.....	3.5-28
Development Trend Impacts.....	3.5-29
Vulnerability Assessment.....	3.5-30
Critical Infrastructure and State Facility Impacts.....	3.5-31
Vulnerability Assessment and Loss Estimation.....	3.5-33
Consequence Analysis Evaluation.....	3.5-34
Mitigation Rationale	3.5-36
General Mitigation Approaches.....	3.5-40
CHAPTER 3.6: RISK ASSESSMENT: EARTHQUAKE	3.6-1
Description	3.6-1

TABLE OF CONTENTS

Location, Extent, and Magnitude.....	3.6-5
Relationships to Other Hazards	3.6-12
Past Occurrence	3.6-13
Future Occurrence	3.6-22
Environmental Impacts	3.6-23
Climate Change Impacts.....	3.6-23
Development Trend Impacts.....	3.6-23
Vulnerability Assessment and Loss Estimation.....	3.6-26
Critical Infrastructure and State Facility Impacts.....	3.6-26
Consequence Analysis Evaluation.....	3.6-59
Mitigation Rationale.....	3.6-61
General Mitigation Approaches.....	3.6-61
CHAPTER 3.7: RISK ASSESSMENT: LANDSLIDE.....	3.7-1
Description	3.7-1
Location, Extent, and Magnitude.....	3.7-4
Relationships to Other Hazards	3.7-8
Past Occurrence	3.7-9
Future Occurrence	3.7-20
Environmental Impacts	3.7-20
Climate Change Impacts.....	3.7-21
Development Trend Impacts.....	3.7-21
Vulnerability Assessment.....	3.7-23
Critical Infrastructure and State Facility Impacts.....	3.7-23
Loss Estimation	3.7-34
Consequence Analysis Evaluation.....	3.7-38
Mitigation Rationale	3.7-40
General Mitigation Approaches.....	3.7-40
CHAPTER 3.8: RISK ASSESSMENT: VOLCANIC ERUPTIONS.....	3.8-1
Description	3.8-1
Location, Extent, and Magnitude.....	3.8-3

TABLE OF CONTENTS

Relationships to Other Hazards	3.8-6
Past Occurrence	3.8-7
Future Occurrence	3.8-8
Environmental Impacts	3.8-10
Climate Change Impacts.....	3.8-11
Development Trend Impacts.....	3.8-11
Vulnerability Assessment.....	3.8-12
Critical Infrastructure and State Facility Impacts.....	3.8-12
Hazard Mitigation Vulnerability Assessment.....	3.8-13
Loss Estimation	3.8-13
Consequence Analysis Evaluation.....	3.8-16
Mitigation Rationale	3.8-19
General Mitigation Approaches.....	3.8-19
CHAPTER 3.9: RISK ASSESSMENT: CIVIL DISTURBANCES	3.9-1
Description	3.9-1
Location, Extent, and Magnitude.....	3.9-5
Relationships to Other Hazards	3.9-7
Past Occurrence	3.9-8
Future Occurrence	3.9-10
Environmental Impacts	3.9-10
Climate Change Impacts.....	3.9-10
Development Trend Impacts.....	3.9-10
Vulnerability Assessment.....	3.9-11
Critical Infrastructure and State Facility Impacts.....	3.9-11
Loss Estimation and Vulnerability.....	3.9-12
Consequence Analysis Evaluation.....	3.9-12
Mitigation Rationale	3.9-14
General Mitigation Approaches.....	3.9-14
CHAPTER 3.10: RISK ASSESSMENT: CYBER DISRUPTION.....	3.10-1
Description.....	3.10-1

TABLE OF CONTENTS

Location, Extent, and Magnitude.....	3.10-8
Relationships to Other Hazards	3.10-13
Past Occurrence	3.10-14
Future Occurrence	3.10-13
Environmental Impacts	3.10-14
Climate Change Impact.....	3.10-14
Development Trend Impacts.....	3.10-14
Vulnerability Assessment.....	3.10-16
Critical Infrastructure and State Facility Impacts.....	3.10-16
Loss Estimation	3.10-16
Assessment of Vulnerability and Potential Losses.....	3.10-17
Consequence Analysis Evaluation.....	3.10-18
Mitigation Rationale	3.10-19
General Mitigation Approaches.....	3.10-20
CHAPTER 3.11: RISK ASSESSMENT: HAZARDOUS MATERIALS.....	3.11-1
Description.....	3.11-1
Location, Extent, and Magnitude.....	3.11-3
Relationships to Other Hazards	3.11-12
Past Occurrence	3.11-13
Future Occurrence	3.11-14
Environmental Impacts	3.11-14
Climate Change Impacts.....	3.11-14
Development Trend Impacts.....	3.11-15
Vulnerability Assessment.....	3.11-15
Critical Infrastructure and State Facility Impacts.....	3.11-16
Loss Estimation	3.11-16
Consequence Analysis Evaluation.....	3.11-17
Mitigation Rationale	3.11-19
General Mitigation Approaches.....	3.11-19
CHAPTER 3.12: RISK ASSESSMENT: PANDEMIC.....	3.12-1

TABLE OF CONTENTS

Description	3.12-1
Location, Extent, and Magnitude	3.12-5
Relationships to Other Hazards	3.12-5
Past Occurrence	3.12-6
Future Occurrence	3.12-8
Environmental Impacts	3.12-9
Climate Change Impacts.....	3.12-9
Development Trend Impacts.....	3.12-10
Vulnerability Assessment.....	3.12-10
Critical Infrastructure and State Facility Impacts.....	3.12-12
Consequence Analysis Evaluation.....	3.12-16
Mitigation Rationale	3.12-18
General Mitigation Approaches.....	3.12-18
CHAPTER 3.13: RISK ASSESSMENT: RADIOLOGICAL.....	3.13-1
Description	3.13-1
Location, Extent, and Magnitude.....	3.13-4
Relationships to Other Hazards	3.13-7
Past Occurrence	3.13-7
Future Occurrence	3.13-9
Environmental Impacts	3.13-9
Climate Change Impacts.....	3.13-10
Development Trend Impacts.....	3.13-10
Vulnerability Assessment.....	3.13-11
Critical Infrastructure and State Facility Impacts.....	3.13-12
Loss Estimation	3.13-12
Consequence Analysis Evaluation.....	3.13-12
Mitigation Rationale	3.13-14
General Mitigation Approaches.....	3.13-14
CHAPTER 3.14: Local Plan Hazard Assessment and Loss Estimation Rollup	3.14-1
Summary of Local Plan Hazard Assessment.....	3.14-1

TABLE OF CONTENTS

Local Plan Roll-up.....	3.14-5
CHAPTER 4: POLICIES, PROGRAMS, AND CAPABILITIES.....	4-1
Statewide Hazard Mitigation Policy and Program Assessment	4-1
Analysis of State Policies Related to Development in Hazard-Prone Areas	4-1
Planning Process	4-53
Idaho State Mitigation Program Capabiltiy Assessment	4-53
Local Hazard Mitigation Planning Assistance.....	4-57
Local Mitigation Program Capability Assessment	4-60
Idaho Mitigation Resources	4-62
State Funding Capability	4-121
CHAPTER 5: ENHANCED PLAN.....	5-1
Introduction	5-1
Required Standard Plan Elements	5-1
Intergrated Planning	5-1
State Mitigation Capabilites.....	5-14
HMA Grants Management Performance	5-29
APPENDIX A: REFERENCES	A-1
APPENDIX B: AUTHORITIES, ASSURANCES, AND ADOPTION.....	B-1
Authorities	B-1
Assurances and Compliance with Federal and State Regulations	B-1
Adoption	B-8
APPENDIX C: SUMMARY OF UPDATES	C-1
Summary of 2018 Updates	C-1
APPENDIX D: PLANNING PROCESS DOCUMENTATION AND PLAN MAINTENANCE.....	D-1
Planning Process Documentation	D-1
Plan Maintenance and Update Process	D-16
APPENDIX E: FLOOD 3.2 DAM TABLES.....	E-1
APPENDIX F: ABBREVIATIONS.....	F-1
APPENDIX G: MEETING MINUTES.....	G-1
